Hello and Welcome to our Summer issue 2026

Welcome to our Summer edition of Local Community Life Magazine, where we celebrate the people & businesses that make our community such a wonderful place to live, work, and connect.

As the seasons change, so do the opportunities to support one another. Whether it's shopping with Local independent businesses, attending community events, or simply checking in on a neighbour, every small act helps strengthen the place we all call home.

In this issue, we're delighted to showcase a fantastic selection of local businesses, offering products & services while helping our local economy thrive. We encourage you to support the advertisers featured throughout this magazine - they are investing in our community and deserve our support in return.

If you're part of a local group, charity, school, or organisation, we'd love to hear from you. Our magazine is your platform to share news, celebrate achievements, and promote upcoming events.

Thank you to all our readers, contributors & advertisers for making Local Community Life Magazine possible. Your continued support allows us to bring positive local stories to every issue.

We hope you enjoy this edition and discover something new right on your doorstep.

Until next time, stay connected and support local.

The Local Community Life team.

[@drystonepaul](#)

We are a West Yorkshire-based business specialising in traditional dry stone walling. From small repairs to full new builds and insurance work, we bring craftsmanship and care to every project.

With a deep respect for traditional techniques and years of hands-on experience across the UK, we've worked with a wide variety of stone types and walling methods - including mortared walls. This broad skill set allows us to tailor our approach to suit the specific requirements of your site and project.

At the heart of our work is a belief in true craftsmanship. Our walls are built to stand the test of time - a stone legacy that will endure for generations.

We need you!

Please help us support young people
& our Bailiff Bridge community

Bailiff Bridge Scout Group offers dozens of young people from across our area the chance to build skills for life – and we are proud to be part of this community through our litter picks, parades and fundraising. Now, we need your help.

We're looking for new volunteers to become Trustees or our new Treasurer to help oversee our Group. You don't need to know any of our Beavers, Cubs or Scouts, just have a passion for giving the children amazing opportunities by helping our volunteer leaders.
